

GOMPERS AND HEARST LABOR DAY SPEAKERS

Fifty Thousand People Expect to
Gather at the Exposition
Tomorrow.

HOW DAY WILL BE OBSERVED HERE

Shipyard Closed Down Last Night and
Will Not Open Gates Again Until
Tuesday—Business Generally Is to
Be Suspended and Thousands of
People Will Go to Fair.

Under the auspices of the Central Labor Union of this city, Norfolk and Portsmouth, the greatest Labor Day celebration ever held in Virginia will take place on the Jamestown exposition grounds tomorrow. The Tidewater cities are expected to send at least thirty thousand people to the grounds to participate in the celebration, and there will be visitors from every section of the state. The labor hosts, in addition to the regular Exposition visitors, should make up a crowd numbering in the neighborhood of fifty thousand people.

Samuel P. Gompers, president of the American Federation of Labor, and William Randolph Hearst, of New York will be the principal speakers of the day. Both of the speakers will arrive at the Exposition today.

The exercises of the day will be held at the auditorium at 11 o'clock in the morning, and in the afternoon there will be field day sports. Numerous noted athletes are at the Exposition preparing for the championship meet to be held next week, and some of them will enter tomorrow's events.

The Exposition Company has arranged an attractive special program for the day and visitors will have a plenty to entertain them until darkness comes on and the War Path is in full swing.

Labor Day in the City.

Labor Day always is celebrated as a general holiday in Newport News, and this year will be no exception. The banks, custom house and post office will close, the shipyard shut down last night and will not open its gates again until Tuesday, and most of the merchants and business men will close their places of business during the day.

Two baseball games are the only special events to be seen at home. It is probable that in the neighborhood of ten thousand people will go from here to the Exposition.

Transportation Facilities.

Adequate transportation facilities have been provided. Manager McHorney, of the steamers General Lee and General Putnam, has secured the steamer Nanticoke for the day and the three steamers will ply between pier A and Pine Beach throughout the day and until midnight.

On the Norfolk & Atlantic Terminal Line, the steamers Endeavor and Annie L. Vanselver will make regular trips between Ivy avenue pier and Pine Beach. The Chesapeake & Ohio ferry will be running between C. & O. Pier No. 1 and Pine Beach all day.

HAMPTON ATHELETES VS SHIPBUILDERS TOMORROW

Double-header to Be Played on Casino Diamond in Celebration of Labor Day.

The Shipbuilders and the baseball team of the Hampton Athletic Association will play a double-header at the Casino park tomorrow. The first game will be called at 10:30 o'clock in the morning and the matinee performance will begin at 3 o'clock in the afternoon.

This will be the first time these teams have met this season and battles royal are looked for. Last summer the nines played three games, the locals shutting out Hampton in the first two and the second ending in a dispute. The visitors expect to have revenge for last year's defeats.

The Hampton team was organized about a month ago and is composed of the best players of Hampton. The players have been doing some hard practicing for two or three weeks.

Captain Pat O'Hara announces that he will have an unusually strong line-up for the games. Pat O'Hara will be behind the bat, Brill will be at first, John O'Hara at second, Duckette, a new man who worked out well yesterday, will play short and Earnest probably will play third. O'Brien will pitch one of the games. Pat says he will spring a new twirler in the other.

WON IN SIXTH INNING

Shipbuilders Piled Up Ten Runs
When Game Seemed Lost.

STIRRING FINISH TO SLOW CONTEST

Louisiana Sailors Did Not Reach the
Field Until Nearly 5 o'clock and
Many "Fans" Left Before Performance Began.

With the count five to two against them and but one round more to go, the Shipbuilders started a merry circus in the sixth session of the engagement with the ball tossers from the battleship Louisiana on the Casino garden yesterday evening, hammering the home side all over the lot and piling ten tallies. It was a stirring finish to what had been a rather "punky" performance and judging from the ear-splitting yells, cheers and hoots that attended it, many of the two hundred or more "fans," who were in at the "killing," were some hoarse when they went home to a cold supper.

The Louisiana team was compelled to play the team of the battleship Rhode Island in the Atlantic Fleet League on the Fort Monroe diamond yesterday afternoon and for that reason it did not reach this city until shortly before 5 o'clock. Naturally, the "fans" gathered in the Casino park were a little "seer" at the delay in starting the game and many of them left during the first few innings. The faithful ones who remained, however, were amply rewarded, for that fatal sixth session was one long to be remembered. The sailors were blanked in the opening of the seventh and the game ended with the score 12 to 5.

THEATRICAL

ADD THEATRICAL.
The Memphis (Tenn.) Times, had the following to say of an entertainment given in that city by Professor Lee, the hypnotist, who will be seen at the Academy of Music tomorrow night.

"Professor Lee, the famous hypnotist, began a week's engagement last night at Staub's theatre. The audience was a large one and very appreciative, and from all indications was highly entertained.

"The professor began his entertainment with a fifteen minutes' talk on the art and science of hypnotism. In speaking of his several years' sojourn in India, the professor remarked that while in that country he made several journeys to witness exhibitions given by the native hypnotists and magicians.

Then he announced his famous Hindoo Indian sleep by which he seeks to compel a part of the audience to go to sleep. He succeeded in forcing several to succumb to his influence, one fellow making a bed out of his girl's lap to her evident annoyance while the audience appreciated the situation with great pleasure and applause.

"Human Hearts."

"Human Hearts," the melodrama announced at the Academy of Music for Tuesday matinee and night, deals with a story of the Arkansas hills. Tom Logan, a young blacksmith, falls in love with and marries a reformed confidence woman. The dull country life soon tells on her. She accidentally meets her former lover and "pal" and without any just cause they conspire together to ruin Tom and kill him if necessary. The woman calls him while her accomplice conceals himself. The father of Tom responds and is mistaken for the young blacksmith. He is fatally stabbed by the ambitious man. Tom, coming out to see where his father is, is accused by the adventuress and her "pal" of the murder. He is finally sentenced on that charge. But his friends ultimate-

ly establish his innocence, and he is released.
